MOTEL **1** ONE

YOUR FLAT IN THE HEART OF HAMBURG

We have just opened our new Motel One Hamburg-Fleetinsel, directly on the Alsterfleet canal and thus in the heart of Hamburg. These 12 flats offer the high quality, design and service for which we are so well known. What's more, they are fully furnished, a feature that enables our guests to enjoy extended stays in the northern German city.

The 45 m² flats have a separate living room and bedroom. They are completely outfitted and also come with high-speed Wi-Fi, air-conditioning, a high-quality, fully equipped fitted kitchen and a large flat-screen TV.

LIKE THE PRICE. LOVE THE DESIGN.

These short-term flats are the perfect place to unwind after a hectic day at work. This state-of-the-art, but classic new building is located on an island between the two canals Herrengrabenfleet and Alsterfleet. It provides residents with both a bicycle storage area and an underground car park. All flats are barrier free.
